THE STORY OF THE SURAH

The Sky Splits Open

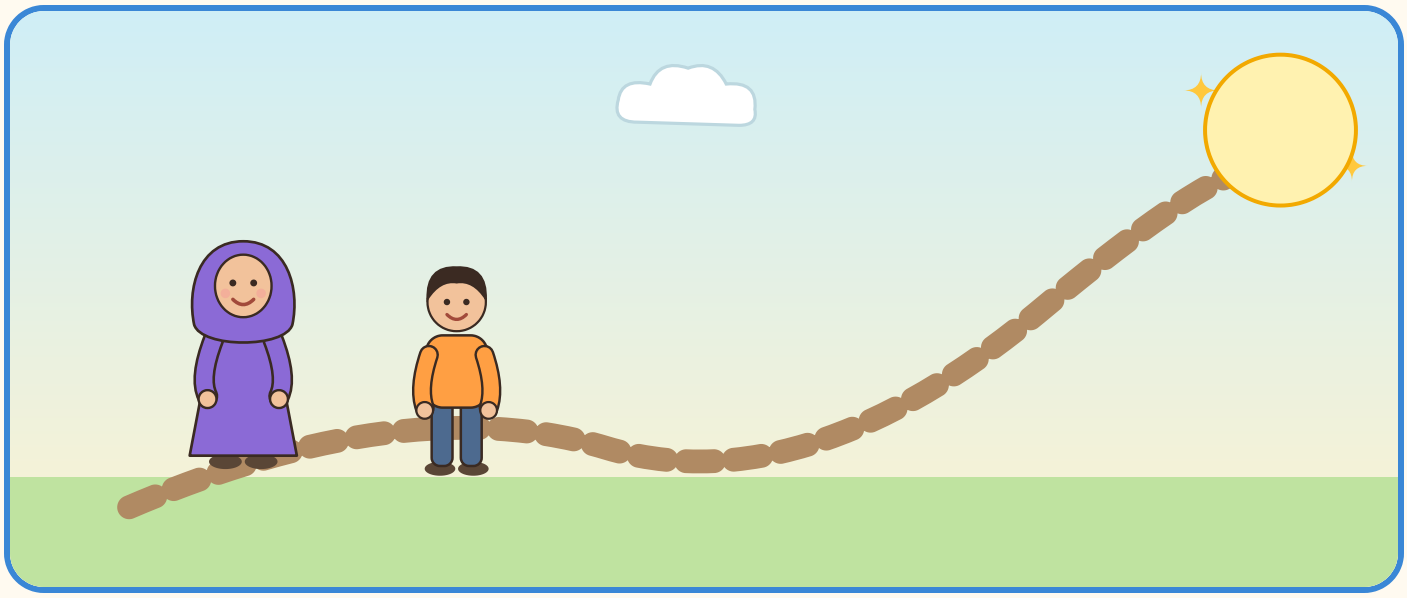

One day, the whole world will change. The sky will split open.

The sky will obey Allah. The earth will be flattened and will throw out what is inside it. It will obey Allah too.

Everything obeys Allah, even the sky and the earth!

We Are on a Journey

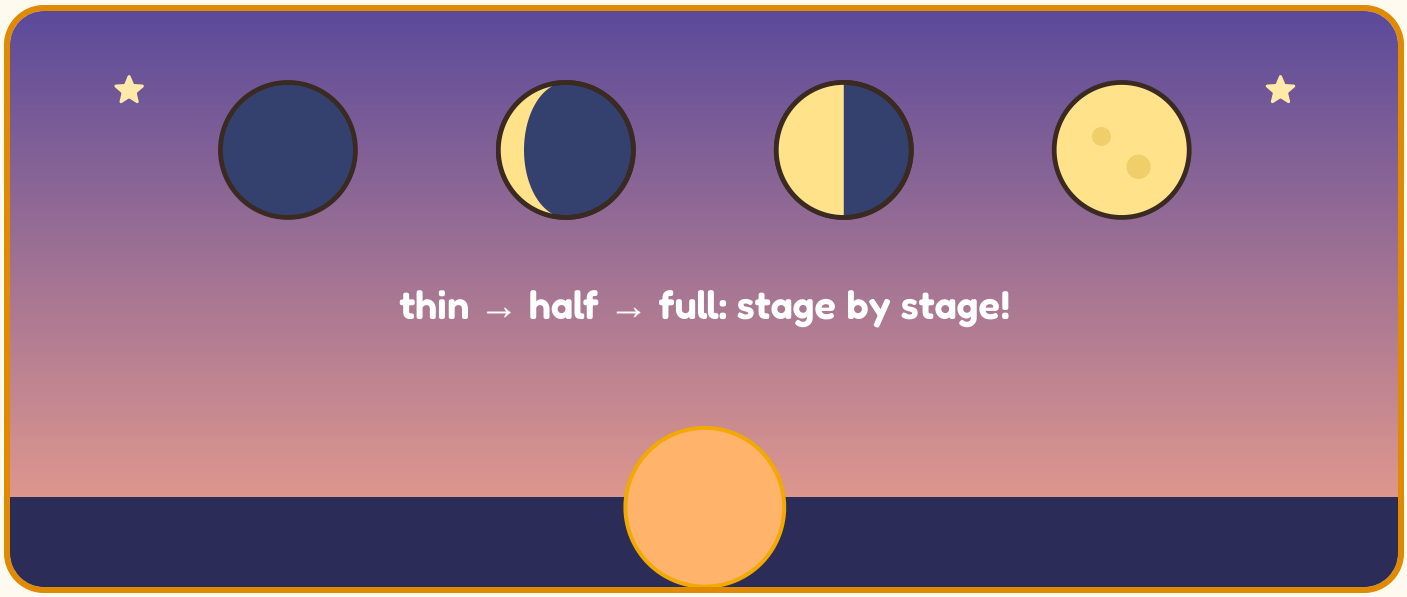

Every person is on a journey back to Allah. Life is like climbing a path, working hard every day.

One day, we will meet Allah. Everyone will get a book with all their deeds.

Those who did good get their book in the right hand. They are happy, and they go back to their families smiling!

THE STORY OF THE SURAH

Stage by Stage

Allah swears by the red glow after sunset, by the night, and by the full moon.

The moon changes from thin, to half, to full. We also change, stage by stage. We grow from babies to children to grown-ups.

Allah wants us to believe and do good. Their reward never ends!

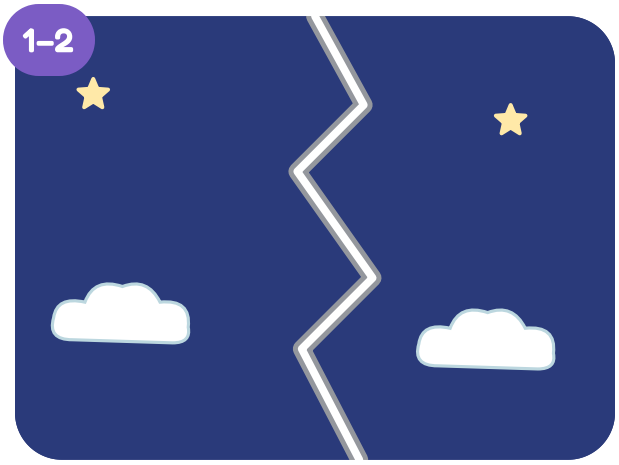

Think about it: What stage are you in now? What good can you do?

For grown-ups: this book is written from the meaning of the surah, in simple words. Please check it with a teacher.
